DETAILED ACTION

This action is in response to amendment submitted on October 12, 2004 and an RCE filed on January 19, 2005.

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 1/19/05 has been entered.

Allowable Subject Matter

Claims 1-29 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Claims 1, 15, 21 and 26 are allowable because the prior art of record or that encountered in searching for the invention, fails to disclose or suggest a file system controlled by array controller processes wherein when an access operation request specifies a divertible operation, diverting the divertible operation from the file system processes to the array controller processes, as claimed in addition to the other claim provisions.

Claims 2-14, 16-20, 22-25 and 27-29 depend from claims 1, 15, 21 and 26 respectively, and are therefore allowable.

Art Unit: 2161

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
